Dear Sir or Madam,

This is hardly a slap on Microsoft's hand. It will not prevent Microsoft from illegally kill its competition by using its monopoly. In fact, it will encourage them to do it even more, knowing that they could get away with it.

I am extremely disappointed in the outcome of the case. It shows once again the people with money are treated differently in the court of law. We might as well take that blindfold off of the Justice symbol.

Your fellow citizen.
